

THE BOTTLE SHOP

from breweries to bellies

From the depths of deprivation of good beers come **The Bottle Shop**. Beer is not inferior to wine in complexities and flavours, yet this is the reality with commercial beers. Let's open our eyes and expose our taste buds to the full spectrum of beer possibilities. Taste the hops, the subtle fruit and floral aromas, the flavours of caramel, coffee, chocolate and more, complexities handcrafted by artisans with a passion and enthusiasm for what they do - from the traditions of UK real ales, to the innovations of the Yanks and the Aussies (and let's not forget the full flavoured beers of the Belgians).

We real beer lovers are the David to the Goliath, the Neo to the Matrix, the Billy Elliot to the Royal Ballet School, the Susan Boyle to the Brits Got Talent... We are setting up shop in Sai Kung early 2013, but we also supply awesome beers to all our fellow enthusiasts (by the case for now) throughout Hong Kong . We're confident we have the right beers for you, check out our beer list, and order by emailing us.

Let's sink the Titanic, and raise the sailboats.
